

Michigan Purveyors of Native Plants

This is not intended to be a complete list of growers; nor is the information necessarily up-to-date at any given moment. Be sure to check a business's information on-line before paying them a visit. Thank you to Bill Schneider of Wildtype Native Plant Nursery for sharing his information with me, assisting with the genesis of this document.

This is a list of Michigan-based businesses focusing on native plants and seed. The list is not an endorsement of any business. We apologize for any errors and omissions. Please note that some of the businesses listed are growers and other resellers, while others are a combination. Not all of these businesses are focused on local or regional genotypes. Some of these businesses grow, in addition to native species, other ornamental plants and cultivars.

Business Name	Physical Address	E-mail Address	Phone Number	Website Address
